By Their Own Admission,
They Have Withdrawn
Several Miles at Some
Points Along Line of Of-
fensive, Which Is Said to
Be 100 Miles Long

GREAT MOVEMENT
STRONGLY PRESSED

The Operations Are Said to
Be Increasing in Magni-
tude Along a Policy Which
Has Long Been Expected
by Military Observers of
That Situation

Berlin, via wireless, Jan. 17.—After
delaying a week the advance of strong
Russian forces in Caucasus, the Turks
have withdrawn their advance posts sev-
eral miles at some points, according to
the Turkish official statement received
to-day from Constantinople.

The Russian operations in the Cauca-
sus are growing in magnitude and im-
portance, according to official reports.
Following the Constantinople announce-
ment that the Russian offensive along a
100-mile front south of Aras has been
inaugurated comes further news that the
attack is being pressed. Military observ-
ers have long expected important de-
velopments in this region.

Big developments on the other fronts
are not reported. There is no indication
yet that the Teutonic allies are ready
for the expected drive on Saloniki. Rus-
sia has again slackened her activities in
Bessarabia, but the Austrian pursuit of
the Montenegrins is being continued,
with the Montenegrins falling back to-
ward Scutari. The Serbian government
has established headquarters at Brindisi,
Italy.

London, Jan. 17.—The Spanish steam-

Their Places.

Westfield, Mass., Jan. 17.—Over 100
policemen were on guard to-day at the
reopening of the Smith company's found-
ry, which was closed several days ago
on account of a strike. No disorder was
reported, and the police stated that 150
of the 1,100 employes returned to work.
Efforts are being made to reach a set-
tlement.

250 FACTORIES
CLOSED BY STRIKE

Garment Workers in Philadelphia Go Out
for Higher Wages and Improved
Working Conditions.

Philadelphia, Jan. 17.—Two hundred
and fifty factories were closed to-day as
the result of a strike of 6,000 garment
workers for higher wages and improved
working conditions. Nearly all the strik-
ers were women and children. The fac-
tories were picketed.

HAD TRIED SUICIDE.

But Police Came Before Gas Took Al-
leged Murderer.

Haverhill, Mass., Jan. 17.—A man
found unconscious in a gas-filled room
in a hotel yesterday was identified as
Julius Sultins, a grocer of Brockton,
wanted by the Lawrence police on a
charge of murder. The man was sent
to a hospital under guard to await the
arrival of officers from Lawrence. His
condition is not considered serious.

Sultins is alleged to have shot and
killed his wife seriously in Lawrence
Saturday night, after he had tried un-
successfully to induce the woman, who
had been separated from him, to return
home. After the shooting Sultins fled
to this city.

SECRET REPORT TO POPE.

Cardinal Mercier, Belgian Primate, Gives
No Hint of Contents.

Rome, Jan. 17.—Cardinal Mercier, the
Belgian primate, maintains the strict-
est reserve regarding the papers he de-
livered to the pope at a private audience.
It was reported that the documents con-
tained a careful survey of the present
conditions in Belgium and of the al-
leged continued German barbarities.

BERGEN, NORWAY,
ONE-THIRD BURNED;
LOSS \$15,000,000

In Worst Fire That Country Has Ever
Known, 2,000 Persons Were Made
Homeless and Two Are
Known to Be Dead.

Christiania, Norway, via London, Jan.
17.—A third of the city of Bergen, a
thriving Norwegian seaport with a popu-
lation of 60,000, was destroyed Satur-
day night by fire.

Two lives are reported to have been
lost and 2,000 persons are homeless. The
property damage is estimated at \$15-
000,000.

The conflagration is said to have been
the worst ever recorded in Norway. The
business section, with its old wholesale
houses, several of the largest of the hot-
els, a number of schools, the electric
plant and banks and newspaper buildings
were the part burned.

The difficulties of the 2,000 persons
now without homes were increased by
the fact that the largest storage houses,
filled with provisions for supplying the
surrounding country, were burned down.
It is harder to obtain groceries than at
any time since the outbreak of the war.

Bergen never was so flourishing as at
the beginning of the present year, these
conditions being due largely to the in-
creased merchant marine.

Bergen is one of the oldest and most
picturesque towns in Norway, and it
ranks first of the Norwegian ship owning
centers. Through it passes a large part
of the foreign trade of Norway. Fleets
of vessels bring the produce of the
northern fisheries to the seaport.

Bergen has repeatedly suffered from
fire, as in 1702 and 1855, and the broad
open spaces which interrupt the streets
are intended as a safeguard against the
spread of flames. Many of the houses
still are timber built and painted white.

CHICOPEE HIGH SCHOOL
WHOLLY DESTROYED

About 600 Children Are Temporarily De-
prived of School Facilities and Loss
Is Upwards of \$250,000.

Chicopee, Mass., Jan. 17.—The Chic-
opee high school building was burned to-
day with a loss of upwards of \$250,000,
and 600 children are temporarily with-
out school facilities. The cause of the
fire has not been determined.

BENNINGTON SCHOOL DAMAGED.

New High School Structure Damaged
\$10,000.

Bennington, Jan. 17.—Fire which origi-
nated from combustion of chemicals in
the laboratory on the second story of
the high school building on Main street
last night caused a damage which will
doubtless run above \$10,000. There is
an insurance of \$60,000 on the building.
The damage is largely from water as the
firemen were obliged to flood the structure.

The flames were discovered about 9
o'clock and the firemen quickly respond-
ed. The fire had worked its way into
the partitions and it was over an hour
before the blaze was extinguished. Fire
walls prevented the destruction of the
building.

The laboratory on the second floor is
located near the center of the building
and when the blaze was discovered the
flames had made considerable head-
way.

The building, a two story brick struc-
ture, cost \$90,000. It was opened for
use in November, 1914, and is said to
be one of the best equipped and most
modern structures for educational pur-
poses in New England.

The board of education is expected to
close the school at once that repairs may
be started. This will probably necessi-
tate the pupils making up the lost
time by attending sessions for a few
weeks next summer during what would
normally be the vacation period.

OUT OF BASEBALL FOR GOOD.

Ray Collins of Red Sox Says He Is Defi-
nitely Decided.

Rutland, Jan. 17.—Ray W. Collins of
Colchester, for the last six years a first-
string pitcher of the Boston Red Sox,
will never again don a uniform for Bos-
ton or any other club. He made that
positive declaration here yesterday af-
ternoon. He said that this decision was
final and although he has not yet decid-
ed on just what he will do in the future,
he intimated that he would devote his
entire time to the management of his
property in Colchester, which includes a
valuable farm.

Collins would not say just what con-
sideration led him to this decision but
he declared that no specific dissatisfaction
with his berth with the Boston club
was the cause. He said he had been
tendered a contract for 1916 by President
Lannin and that the terms named there-
in were satisfactory.

The big southpaw returned to his home
last night after having been for three
days in attendance at the sessions of the
boys' conference, in which he is greatly
interested.

It has been reported from Boston that
Collins was among the several high salaried
Red Sox players who would have to
stand for a sizeable reduction in salary
this year in line with a general policy
of retrenchment following the con-
clusion of the war between the Federal
league and organized baseball and that
the Vermont did not relish a reduction
of wages.

The former University of Vermont
man had the poorest year of his career
last season and rumors have been re-
peated that Manager Carrigan intended to
trade him to some other club, believing that
he had outlived his usefulness in the Hub.
Some of his local friends believe that
Collins' decision to retire is the result of
a determination to forestall any attempt
by Carrigan to railroad him into some
other less congenial American league
berth or into the minors.

KAISER GOES TO FRONT.

Is Said to Have Completely Recovered
from Illness.

Berlin, via London, Jan. 17.—The fol-
lowing official communication was issued
yesterday:

"After complete recovery, Emperor
William returned Sunday afternoon to
the war theatre."

BATTERY WAS
NOT FAULTY

One Cause for Explosion on
Submarine E-2 Elim-
inated

COURT OF INQUIRY
CONTINUES WORK

Expert Says He Has Formed
Tentative Opinion of
the Cause

New York, Jan. 17.—The cause of the
explosion within the hull of the subma-
rine E-2 in the New York navy yard
Saturday, resulting in the killing of four
and the injuring of ten, was still
undetermined to-day. The board of in-
vestigation continued its inquiry. Their
findings will be sent to Washington
without being published here. Three of
the injured men are in a serious condi-
tion.

Rear Admiral Usher made the follow-
ing statement last night:

"The board of inquiry met to-day and
went aboard the submarine, where they
conducted a thorough investigation. The
investigation was not finished and there-
fore the board will meet again to-morrow.

Nothing approximating an official
theory as to the cause of the explosion
which resulted in the death of four
workmen and the injury of ten others
was obtainable. The only light shed
upon the disaster was contained in the
statement of Miller Reese Hutchinson
who absolved from blame the Edison
battery designed to minimize the danger
to submarine crews resulting from
accumulations of gas. The E-2 was the
only boat thus far equipped with these
batteries, the tests of which were re-
ported to be thoroughly satisfactory.

"I have made as complete an inspection
of the interior of the submarine E-2
as conditions will at present admit,"
said Mr. Hutchinson. "This inspection
was made as Mr. Edison's chief engineer
and personal representative. I have found
a tentative opinion. This I have trans-
mitted to the commandant of the New
York navy yard, under whose jurisdic-
tion this boat was on January 16, 1916.

It is subject to revision when all the
facts are brought forth by the board of
inquiry which Admiral Usher has or-
dered.

"Having been present at the prelimi-
nary inspection, I consider I am bound
by the same rules and regulations as is
a naval officer in matters of a confidential
nature, and must refer you to Admi-
ral Usher for such information as he
may be in position and inclined to give.
As to the Edison battery, with all the
facts and conditions before me, I see no
reason to recommend to Mr. Edison any
changes or alterations in the theory, con-
struction or method of installation of
the Edison submarine type storage bat-
tery. The battery in the E-2 does not
appear to have been injured in the least."

527 BOYS LINKED HANDS.

At Closing Session of the Older Boys'
Conference at Rutland.

Rutland, Jan. 17.—With 527 delegates
from 75 towns standing linked hand
in a great circle the sixth annual
conference of Older Boys of Vermont
closed at an end last night at the Con-
gregational church in the presence of an
audience of nearly 1,000 people, which
filled every seat and left numbers stand-
ing.

The following committee who will
serve for the ensuing year were named:
Resolutions, Walter A. Becker of Troy;
Conference secretary, Dean E. Logan of
Ludlow; Limer, H. Brown of Burr and
Burton seminar; Elisha W. Culver of
Saxtons River and Jesse H. Harrington
of Arlington; credentials, Walter A. Jeffer-
y of Chester, Merrill D. Barret of the
Vermont state school of agriculture,
Clarence E. Wright of Westminster, Rol-
and F. Nye of Woodstock and William
H. Farwell of Montpelier.

The following officers were elected:
George P. Pearson of Rutland, president;
Buell W. Maxfield of Burlington, vice
president; D. Wignifred Smith of Barre,
secretary; Eugene F. Royce of Middle-
bury, assistant secretary.

The address which was to have been
delivered by Dr. John M. Thomas, pres-
ident of Middlebury college on Sunday,
was changed to one by Franklin K. Mat-
thews of New York as Mr. Thomas was
confined to his home by illness.

The boys attended the three sessions
Saturday with a regularity that showed
earnestness of purpose. The speakers
couched their remarks in language the
youths could understand. Flowery or-
atory was lacking. The men talked in ac-
cordance with the big brother style and
this seemed to make a decided hit with
the boys.

Lynn and Earle Colby of Wilmington,
brothers, walked from their home to Rut-
land to attend the conference, a dis-
tance of 80 miles by the route they
took. Leaving Thursday morning at 3
o'clock they walked until seven at night,
the first day out, reaching East Dorset.
This trip required a climb of the Green
mountains and put them 54 miles away
from home. Friday they walked to Rut-
land in the face of a biting north gale
and zero temperature.

Probation.

KILLED MAN
BUT GOES FREE

Francis Pratt, Derry, N. H.,
Shot Jesse Sebastian,
His Employee

CLAIMS HE FIRED
IN SELF-DEFENSE

Sebastian Had Told Pratt
He Was Robbed of
Latter's \$42.50

Derry, N. H., Jan. 17.—Francis Pratt,
a retired Boston merchant, notified the
police to-day that he shot and killed
Jesse Sebastian, a negro employee, last
night, claiming that he fired in self-
defense, and he was allowed his freedom.
Pratt said that the trouble resulted
when the negro claimed he had been
robbed of money that Pratt gave him to
pay some bills. Pratt declared he shot
when the negro was advancing on him
with a bottle.

Sebastian was foreman for Pratt. He
and Sam Johnson, also colored and an
employee of Dr. Harry A. Tuttle, were in
Derry Saturday evening, and they re-
ported that when they started for home
they were held up by four men, one of
whom sprang from the roadside and
grabbed the horse by the head, while the
other three covered Sebastian and John-
son with guns. The victims claimed the
robbers took \$42.50 from Sebastian and
whatever Johnson had, the amount not
being stated. The matter was reported
to the police, but Sebastian and Johnson
could give no description of the four
men.

AIMED GUN AT POLICE.

Charles Sargent of Rutland Was Then
Persuaded to Put It Down.

Rutland, Jan. 17.—Armed with a high
powered rifle which he aimed at Officers
Martin Kennedy and Thomas C. Eli-
sworth, threatening to blow their heads
off if they entered the room over which
he was standing guard, Charles Sargent,
son of the former proprietor of the
American house on Wales street, kept
the officers at bay for several minutes
Saturday night while they were at-
tempting to arrest the man for threat-
ening the life of Mrs. Nancy Baird
Noyes. Sargent finally put the gun in
a corner and as he straightened up both
policemen jumped on his back, overpow-
ering him only after a hard struggle
which lasted several minutes.

Handcuffed and without coat or shoes
Sargent was removed to a cell in the
police station where he remained all
night. Yesterday morning he asked the
officers what he had been doing. The
matter was reported to State's Attorney
C. V. Poulin Saturday night and he at
once went to work on the case, getting
a signed statement from Mrs. Noyes.

The officers removed the gun from
Noyes' house, No. 2 Edison street, where
the affair took place, to the police sta-
tion where in the presence of several
witnesses the gun was relieved of 10
loaded, 25 special shells.

County Court.

A hearing was held at 2 this after-
noon, when Washington county court re-
considered after the week-end recess, on
the matter of a petition brought to re-
lease Charles H. Thompson from the
state hospital for the insane, where he
has been confined since 1903. Thompson,
whose home is in Waterbury, was con-
victed of an offense in county court but
was sent to Waterbury because of insan-

tally sound. State's Attorney Fred E.
Gleason appeared for the state.

of Israel Schwartz against Nellie
Schwartz was taken up, the case being

PROMINENT MAN
IN GRANITE CIRCLES
AND EX-ALDERMAN

James Adie, Member of Adie & Milne,
Passed Away Yesterday Afternoon
After a Long Illness.

James Adie, a well-known Barre gran-
ite manufacturer, a former alderman and
at one time a member of the license
board in this city, passed away at his
home, 57 Franklin street, Sunday after-
noon at 4:30 o'clock, the end following a
lingering illness. Mr. Adie is survived by
his wife, two daughters, Miss Ena Adie
of this city and Miss Ruth Adie of Bos-
ton, Mass., and one son, George Adie, who
is a student at the University of Michi-
gan, Ann Arbor, Mich.

Mr. Adie was born in New Aberdeen,
Scotland, June 13, 1864. He came to
America around 30 years ago and settled
at once in Barre, where operations in the
granite belt were at that time beginning
to assume large proportions. As a young
man, Mr. Adie worked for Marr & Gor-
don. In 1892 he formed a partnership
for the manufacture of Barre granite
with the late George Mitchell. Eight
years later he associated himself with
James S. Milne in the manufacturing
business. The firm has its plant in the
south end of the city. Mr. Adie's mar-
riage to Miss Mary Gail of London, Ont.,
took place in Montreal March 15, 1893.

During the many years of his residence
in Barre, Mr. Adie was held in high
esteem by his business associates, as well
as by others with whom he came into
contact in various circles. Upon the
death of Alderman Hugh Duffy in Au-
gust, 1904, Mayor Barclay appointed Mr.
Adie to serve the unexpired term of the
ward six representative in the city coun-
cil. In the next spring Mr. Adie was
returned to his seat in the council by a
handsome majority, serving through
1906. For two years, while the city was
under the license regime, he served with
credit as a member of the license board.
He was honored alike in fraternal and
business circles. In 1897 he was ele-
vated to the leadership of Clan Gordon,
No. 12, O. S. C., and some years later he
was elected president of the Barre Gran-
ite Manufacturers' association, an office
which he held for three years. He was a
member of Granite lodge, No. 35, F. and
A. M., and Ruth Chapter, O. E. S., and
had long been a member of Clan Gordon.
He was also a member of the Barre
Congregational church.

Funeral services will be held at the
house Wednesday afternoon at 2 o'clock.
Rev. J. W. Barnett, pastor of the Con-
gregational church, officiating. Interment
will be made in Hope cemetery. It is
requested that flowers be omitted.

WAS BORN IN SCOTLAND.

Norman McAuley, Resident of Williams-
